

## Dynamic Company APPROXIMATE Annual Costs

**\*This is an approximation!! The convention/competitions DO NOT have their 2024 fees out for classes or competitions so I am just guessing how much I think they'll be.**

### PRICES FOR ALL CORE COMPANY MEMBERS:

- Tuition for Monthly Lessons: As per regular tuition listed on the 2023-2024 registration form. YOU MUST REGISTER FOR CLASSES! The tryout is NOT your registration.
- Company members will pay a **full month in May** because they get a full month of classes.
- You will pay a **month and a half in June** because you get over double the amount of classes as a result of nationals' preparations.
- In-House Workshops at our studio: \$30 per class- \$300 per workshop. All Tap Companies: 1 Tap or Musical Theatre Production costume at \$85
- 2 Regional Competition Fees: Approximately \$75-\$85 per routine your child is in.
- Regional Convention/Workshop Fees (multiply this by 3): \$300-\$350
- Las Vegas NATIONALS Competition Fees: \$85-\$95 per group/line/production routine your child is in. Solos and duo/trios are more expensive and if our larger dances need extended time, it's an additional \$10 per dancer.
- Las Vegas Nationals Convention/Workshop Fee: \$450-\$475
- **Annual Membership fee:** which covers prop fees, helps with prop transportation, and workshop hosting fees (food, hotel, etc) for those we bring in for workshops, theatre rental fees for practices and rehearsals, as well as all incidentals: **\$300 per dancer** of which you will be charged in September 2023.
- If dancers are selected to be in Selected Group Dances, it is completely OPTIONAL for your child to participate!! There will be a choreography fee, practice fees, costume fee, and competition fees for each competition we attend, please be aware that these fees are not added in to the total below and will need to be **paid directly to Krista Harrington.**
- **Company Jacket:** All Core Company members, excluding tumbling companies, will be required to purchase a company jacket that will be worn at all performances, conventions, workshops, and competitions: **\$75-\$85.**
- When we go elsewhere for competition/conventions, you are responsible for your own hotel, food, and travel fees.

### **FOR MULTIPLE COMPANIES:**

The only variation will be in the amount of costumes your child will need. This amount is subject to change based on whether or not street clothes or clothes of your choosing are worn, as well as the possibility of the use of a costume from last year. Please realize that the amount of dances your child does, equals the amount of costumes they will be needing. Other than that, the unlimited price for lessons, workshop fees, prop fee, etc. will not change per child.

### **PRICES FOR TUMBLING COMPANY & FUSION COMPANIES:**

#### **TUMBLING COMPANY:**

The tumbling company will have 2 required lessons per week:

- 1 Costume at \$75 if I end up going the costume route. I typically do street clothes, but last year, did do a costume. You will have 2 dances for sure and one

of those dances will definitely be your choice of clothing with stipulation of color.

**FUSION COMPANIES:** You will pay “per class” for whatever classes you choose to be a part of. Please fill out the online registration form! You will come for one class per genre per week. All jazz/ballet students are REQUIRED to do ballet technique classes!! These will be added to your schedule because ballet is the only way you will have the technical ability to compete in the other genres. There are additional recreational classes you can participate in so when registering, make sure to sign up for specifically the classes you’d like to take!

- Costumes:
  1. Mini Fusion Jazz/Ballet: you will have 1 jazz @ \$75
  2. Mini Fusion Tap: you will have 1 Tap Costume @ \$75
  3. Mini Fusion: if you want to do hip hop, ballet/lyrical or tumbling, you will need to sign up to be in these particular recreational classes. You will participate in the recreational program for these genres in the May recitals. Cost per costume for these genres is \$65.
  4. Junior/Teen Fusion Jazz/Ballet: you will have 1 Jazz @ \$70
  5. Junior/Teen Fusion Tap: you will have 1 tap @ \$70
  6. Junior/Teen Fusion Hip Hop: you will have one hip hop @ \$70
  7. Junior/Teen Fusion Jazz/Ballet: you will participate in ballet technique classes and will be combined with the recreational class of your age group to do a lyrical dance in the May recitals. This costume will be \$75.
  8. Junior/Teen Fusion: if you’d like to do tumbling, you will sign up for it as well to be in a recreational tumbling class (unless you are on tumbling co.). The cost will be \$65 for the tumbling costume.
- Workshops at the studio are completely up to you as far as participation! You are welcome! Please ask what level to participate in if you’d like to do workshops at the studio.
- Regional Competition Fees (we will be doing 2): \$70-\$75 per dancer, per dance.
- Regional Convention/Workshop Fee \$300-\$350. These will be optional, but open to any Fusion Company Members. You can attend any convention/workshops open to the Core Company.
